As we approach year-end, Central Office would like to thank every individual and every group that donated to us this year. Our doors continue to remain open because of your generosity!

Reflecting back on the year 2022 and all its challenges, Central Office wants to congratulate all those who worked their program by attending meetings, reading their literature, and working their steps. Although we know it isn't always easy, sobriety is our key to inner peace.

To all who made the decision to attend an AA meeting in the year 2022, whether for the first time or as a returnee, we welcome you. Please let us know if there is any way that we can help you on your journey to sobriety. We are here for you.

Are you interested in being considered for possible openings for a GSO staff member position in AA? GSO staff carry out rotating assignments and correspond with AAs throughout the world on aspects of recovery and service. They also represent GSO at AA functions throughout the US and Canada and provide staff support for the General Service Board. Currently 11 staff members cover a variety of assignments including: Public Information, Treatment/Accessibilities/Remote Communities, Literature, Cooperation with the Professional Community, Corrections, International and the General Service Conference. Qualifications include a minimum of six years continuous sobriety; legal authorization to work in the US; a background in service at group, district and area levels; business or professional experience; and excellent communication and organizational skills. Another consideration is a willingness to relocate to New York, if necessary. Fluency in French and/or Spanish with excellent oral and written skills will be considered a plus. If you are interested or would like more information, contact Director of Staff Services via email at [directorstaffservices@aa.org](mailto:directorstaffservices@aa.org) or by postal mail at: Box 459, Grand Central Station, New York, NY 10163.
